### Portugal Raises its Flag Over Interned German Vessels in Indian Port

(By Associated Press.)  
LONDON, Mar. 2.—The German armies have broken into the French lines at the village of Douaumont, four miles northeast of Verdun. Paris admits that the Germans have penetrated to the village. Berlin statements assert that the Germans have cleared Douaumont of the enemy. They have advanced west and south of the village, taking more than a thousand prisoners and several heavy guns. In resuming the offensive by the Germans the fighting has taken on an extremely desperate character.  
Lloyd's agent at Bombay reports that the Portuguese flag has been hoisted on all German steamers at Mormugao. The Germans aboard were interned at Panjim, the capital of the Portuguese colony at Goa, India.

### CHAMPIONSHIP GAME NOT YET ARRANGED

### DEATH OF ONE OF THE OLDEST ODD FELLOWS

PLANS FOR SPRING VACATION ARE NOT YET FULLY PERFECTED  
Nothing definite has yet been accomplished in the arrangements for the semi-finals and finals in the contest for the championship of the state in girls' basketball. At the present time it seems extremely likely, however, that the semi-finals, in which Tonopah and Lovelock are pitted against each other for the championship of the south and southwest sections, will be played in Reno on the evening of March 11. The winners of this game will then play Reno, the champions of the two northern sections, in Reno some time the following week.  
If this plan is finally adopted the spring vacation, which was to have been set for the week beginning March 20, will be set for the week preceding so that the girls and teachers who will be absent on the basketball trip need not lose any school time because of their trip. The spring vacation is for the grades as well as the high school as it was thought wiser to have a week in the spring and only one week vacation during the Christmas season instead of having the usual two weeks vacation all at one time during the holiday season.

WILL PROTECT UMPIRES  
There is no possibility of the game of indoor baseball between the Eagles and Moose being postponed from next Tuesday evening, unless it be the failure of the bullet proof armor ordered for the umpires to arrive. The brave young men who will officiate in such a daredevil position are Prof. Bennett and Eddie Addison. Each has taken out additional life insurance and will wear cotton in his ears so that the ribald language of the fans will not be heard.  
The game will take place in the Airdome and the receipts will be devoted to charity by the two lodges. The game will be followed by a double fifteen dance. Music by a seven piece orchestra.

WOMEN JURORS AT LOS VEGAS ACQUIT DEFENDANT  
Eight women and four men comprised the jury in a peace disturbing case in the municipal court at Las Vegas. The defendant, Richard Bussted, evidently gained the sympathy of the majority of the jury as he was acquitted.

FRATERNAL VISIT PAID  
A number of Tonopah Elks motored over to Goldfield last evening to attend a meeting of the lodge of Elks at which there was election of officers, followed by a social session.

John Heidenreich died yesterday morning at 8:15 at the family home, corner of King and North Division streets in Carson City. His death was due to the shock received from the breaking of his leg last Tuesday night in falling while walking from a chair to his bed, and in his feeble condition and with the weight of years to contend against he was unable to bear up under it.  
The deceased was one of the oldest Odd Fellows on the Pacific coast and perhaps in the world, having joined the order in 1848.

### STATE WIDE PRIMARY WILL PROVE COSTLY

### NEW LAW IS EXPENSIVE TO BOTH TAXPAYERS AND CANDIDATES

(By Associated Press.)  
INDIANAPOLIS, Mar. 3.—That the state wide primary, to be held in Indiana March 7th is going to be an expensive proposition both to taxpayers and candidates for office is the opinion of political leaders of all parties. There is much speculation as to what it will cost the state and these estimates vary, but no estimate has been lower than an average of \$5,000 a county. The lowest estimate, therefore is \$460,000 for the 92 counties of the state. Some politicians think the cost will run to \$600,000.  
Marion county, in which Indianapolis is situated, has already appropriated \$34,000 to pay the expenses of the primary. Some county officials say this will not be enough. Some of the smaller counties may not have to spend, it is estimated, more than \$3,000. But the larger counties like Lake, Vigo, St. Joseph, Allen and Vanderburg, and perhaps a few others will, it is believed, have to pay out \$15,000 or more. Until all the printing bills are in, however, it will not be possible to ascertain the cost of the primary with any certain degree of accuracy.  
That the primary is hitting the candidates hard, there is no question. Practically all of the political leaders say that there was never any candidate who made a canvass for an office, to be nominated at a convention, that ever spent any ways near what the primary is costing. The greatest item of expense, in the primary, is for newspaper advertising. The candidates are using this method of appealing to the voter, more than ever before.

IT WILL END IN WAR OR NATIONAL ABANDONMENT AND HUMILIATION. THE ACTION OF THE SENATE TODAY MAY BE PARLIAMENTARY. IT MAY BE JUSTIFIED BY THE EXIGENCIES OF THE SITUATION, BUT IT SMACKS SO STRONGLY OF COWARDICE, EVASION AND SHIRKING OF RESPONSIBILITY THAT I FEEL JUSTIFIED IN APPLYING TO IT IN THESE CRITICAL WORDS."

### VICTORY ATTAINED BY ADMINISTRATION

### Contention will now be Transferred from Senate to the House

(By Associated Press.)  
WASHINGTON, Mar. 3.—By a vote of sixty-eight to fourteen, a greater majority than they expected, the administration forces in the senate tabled Senator Gore's resolution to warn Americans off of armed ships of the belligerents, and thereby finally quelled in the senate the agitation which embarrassed the president in his submarine negotiations with Germany. Gore's resolution and a substitute by McCumber, a Republican, an attempt by Gore to strengthen his original proposal, all were defeated at one time on roll call on motion by James, one of the administration whips, to table them. The administration victory transferred the fight to the house. In attempting to strengthen the original resolution, Gore offered a correction to make it declare it the sense of the senate that the death of an American on an unwarned merchantman would be just cause for war.

It was said at the White House that the result in the senate is satisfactory and it met with the wishes of the president. It was added that attention will now be concentrated to the situation in the house. Gore voted to table his resolution. Chamberlain and O'Gorman were the only Democrats who voted against the administration.  
Senator Gore voted to table because he did not favor his own substitute and had introduced it merely to get an expression of the senate on the issue.

### EVERYBODY TO SEE NEVADA SILVER SET

### CARMEN SYLVA, POET AND ONCE POTENTATE

SOUTHERN PACIFIC IS MAKING ARRANGEMENTS TO TAKE IT OVER THEIR LINES  
Officials of the Southern Pacific railroad in the state of Nevada are making arrangement to have the silver service set to be used on the battleship Nevada taken to different points along the line in order that residents of the state might have a chance to see it, says the Gazette.  
E. O. McCormick, general manager of the company, said that a special car would be devoted to this purpose should the people desire to see the set made from silver and gold of the Tonopah and Goldfield mines and converted into a set by a legislative appropriation. He made the offer while in this city attending farmers' week and officials of the road acquiescing to the requests of the road to send the set on a trip over the road.  
One of the objections made to taking the silver set from town to town was that there was danger of breaking the more fragile and costly pieces in packing and repacking. W. D. Forster, superintendent and traffic manager of the Tonopah & Goldfield railroad, disposed of this objection by offering the use of his private car, in which the exhibit could be made in each of the town, providing arrangements could be made with the railroads that would be traversed, other than the Southern Pacific.

DEATH IS ANNOUNCED OF ELIZABETH, THE QUEEN MOTHER OF RUMANIA  
"The fairest world on earth that's heard,  
On human lips the fairest word,  
Is mother.  
To whom such name shall once be long,  
High honor hers her whole life long,  
A mother.  
But all her earthly joys are o'er,  
Who is and then who is no more  
A mother."  
—CARMAN SYLVA

(By Associated Press.)  
LONDON, Mar. 3.—A Bucharest dispatch says that Queen Mother Elizabeth of Rumania is dead.  
The pen name "Carmen Sylva" by which the Queen Mother Elizabeth of Rumania was most widely known, was chosen by her in expression of her love for song and the woods. She was one of the most charming figures in the courts of Europe, and practically the only one of the recent generations to gain fame as a poetess.  
In her words, she was born "far from a throne," for although she was a princess of Wied, one of the many
